# 2018 Design Awards

## CALL FOR ENTRIES – 2018 Unbuilt Architecture Design Awards

AIA New Hampshire is committed to excellence in architecture and looks forward to celebrating outstanding works of architecture through its annual Design Awards Program. The purpose of the program is to recognize achievements in design by New Hampshire architects and to honor the project teams and the clients who work with them to create and enhance our built environment. Projects should exemplify the value of good design in creating livable communities and safe, valuable, and sustainable buildings, neighborhoods, towns, and cities.

This award recognizes unbuilt architectural designs of any project type, including purely theoretical projects.
