

## CALL FOR ENTRIES – 2021 Excellence in Architecture Design Awards

AIA New Hampshire is committed to excellence in architecture and looks forward to celebrating outstanding works of architecture through its annual Design Awards Program. The purpose of the program is to recognize achievements in design by New Hampshire architects and to honor the project teams and the clients who work with them to create and enhance our built environment. Projects should exemplify the value of good design in creating livable communities and safe, valuable, and sustainable buildings, neighborhoods, towns, and cities.

### AWARDS CALENDAR

- Call for Entries: December 18, 2020
- Submission Deadline: Friday, February 26, 2021 @ 5:00 pm EST
- Notifications: after Friday, March 26, 2021

### SUBMISSION SUPPORT

All submissions will be received via Submittable, an online portal:

<https://nhforum.submittable.com/submit>

*It is recommended to use Chrome or Firefox browsers for submissions made through Submittable.*

If you encounter technical difficulty with your awards submission, please contact: **Submittable Tech Support at: (855) 467-8264, ext. 2 or support@submittable.com.** Non-technical questions about awards can be addressed to: Bonnie Kastel, bkastel@aianh.org.

All submissions must be complete by the submission deadline. Your submission will be received by AIANH after payment has been made. If your submission fee has not been paid, AIANH will not see or have any record of your submission. Payment is the last step of the submission process. Once your submission fee is paid, your submission cannot be edited. Prior to that point, drafts may be saved to your Submittable account and modifications made.

You may submit multiple projects to this awards program. Each project must be submitted and paid for separately. If you submit multiple projects, remember to select the discounted, subsequent entry fee after the first entry.

## ELIGIBILITY

- This award recognizes and honors excellence in architectural design by registered, licensed architects who are members of AIANH.
- Firms domiciled in NH may submit projects anywhere in the world.
- Firms domiciled outside NH may only submit projects located in NH. One principal from this firm must be a member of AIANH. If you are not currently a member, complete the [AIANH Component Allied Membership form](#) and send it with payment to the AIANH office: [bkastel@aianh.org](mailto:bkastel@aianh.org).
- Built projects substantially completed after January 1, 2011 are eligible.
- Each entrant may submit any number of eligible entries with the appropriate fees for each entry.
- Projects that have been honored in a past AIANH Design Awards program are not eligible (unless the project was submitted in the Unbuilt category and the project has since been built).
- Projects previously submitted that have not won an award may be entered again but may not be submitted more than two years consecutively.
- The submitted work must be eligible for publicity and reproduction.

## CRITERIA

Entries will be judged on their own merit regardless of project size or type. The jury evaluates entries based on how successfully projects have met their individual requirements. Entries are judged individually—not in competition with each other.

The sole judging criterion is design excellence. The jury is empowered to determine the extent to which design excellence is informed by aesthetic, technical, functional, contextual, sustainable, social or other characteristics.

The jurors' decisions will be based solely on the materials submitted.

## FEES

First project entry: \$220

Additional project entries: \$185

All fees are not refundable and must be paid online via credit card at time of submission. Submissions cannot be received and marked complete until payment is made.

## SUBMISSION REQUIREMENTS

All submissions for the 2021 AIA New Hampshire Design Awards must be digital and submitted by **Friday, February 26, 2021, 5 PM**. The decisions of the jurors will be based solely on the materials submitted.
