

April 28, 2020

Dear AIA New Hampshire Members and Friends,

The mission of the New Hampshire Architecture Foundation (NHAF) is to support the next generation of New Hampshire architects. It is funded solely through the generosity of the members and friends of AIA New Hampshire. We are a relatively small group, so your contribution makes a difference! This year, amid the uncertainty of the Covid-19 pandemic, it is more important than ever to help support the next generation of New Hampshire architects.

The primary work of NHAF is to support a scholarship program for students pursuing a degree in architecture. Without an accredited school of architecture in state, New Hampshire students do not have the opportunity for in-state tuition. The Foundation aims to award scholarships to deserving students to ease their student debt and help them with a less burdensome transition to professional practice.

Over the past thirteen years, \$41,950 has been awarded. The recipients of the \$4,550 in awards given in 2019 were:

- William Toohey of Rochester, Masters in Architecture from Harvard University
- Michael Donovan of Durham, Roger Williams University
- Joselyn Lyford of Ashland, Roger Williams University
- Rachel Sheppard of Dover, Roger Williams University
- Marson Lantz of Charlestown, Roger Williams University

Our 2020 goal is to raise \$15,000. To reach that goal, we are appealing to each of the over 300 registered architects, associate members, and affiliate members of AIA New Hampshire for a tax-deductible contribution of \$50.

Please help us meet this goal with your gift to the New Hampshire Architecture Foundation this year. We appreciate your generosity and support for the future architects of New Hampshire.

Sincerely,

Tracy Kozak, AIA | President, AIANH

Alyssa Murphy, AIA | President, NHAF

New Hampshire Architecture Foundation

YES, I / we want to make a gift of:

- \$1,500 Composite
- \$1,000 Tuscan
- \$500 Corinthian
- \$100 Ionic
- \$50 Doric
- \$25 Pedestal
